PETITION FOR EXEMPTION

April 5, 2007

Office of the Secretary
Federal Communications Commission
Attention: CGB Room 3 – B431
445 – 12th Street SW
Washington, DC 20554

Re: Pacific International, Ltd.

To Whom It May Concern:

We are filing this correspondence with the Federal Communications Commission ("FCC") for the purpose of obtaining an exemption from the Closed Captioning Requirements set forth in regulations promulgated by the FCC.

Specifically, we believe that we fall within the undue burden exemption. Please consider this correspondence our Petition to obtain such an exemption.

In the case of Pacific International, Ltd. ("Pacific"), we advertise on television to obtain responses from individuals who seek to correct their children's condition of nocturnal enuresis – nighttime bedwetting. Our advertisements last for approximately 28 minutes. It would be an undue burden for Pacific to rework their advertisements to include closed captions. Pacific operates on a limited budget and it would be significantly difficult and expensive to convert to a closed caption situation. It would, in effect, prohibit Pacific from featuring these infomercials.

We enclose an Affidavit signed by the President of Pacific which is in support of the fact that Pacific qualifies for the undue burden exemption.

We ask that you process this Petition and issue an Order to the effect that Pacific need not comply with the closed captioned requirements due to the exemption for undue burden.

Please contact us if you desire any further information.

Thank you very much.

Very truly yours,

Eugene B. Draper
President
